-Matthew Young
Columbus, OH

Family First Academy: A New Traditional Co-Ed Boarding School Opens In Erie, Pennsylvania

Family First Academy (FFA) is a new 75-acre co-ed boarding academy located in Erie, Pennsylvania that is now accepting students for the January 2008 semester. FFA provides a college preparatory education in a traditional boarding academy setting that is fully integrated with a wide range of athletic, leadership and recreational programs.

Family First Academy, in partnership with their affiliate school, is a non-denominational Christian school for grades 8-12 with more than 15 years of professional experience of working with students of all ages. All FFA academic programs are provided through their affiliate school, Erie First Christian Academy (EFCA). All classes are held on EFCA premises, which is located approximately 200 yards from the FFA residence hall. EFCA is associated with ASCI (Association of Christian Schools International) and Middle States Association of Colleges and Schools (MSACS).

As the name implies, the Academy is focused on students and their families, helping to raise a generation of physically, emotionally and spiritually strong individuals in a nurturing “family like” environment that combines structured guidance and support with opportunities for personal growth and discovery. Challenging academics, small class sizes, attentive staff and a close-knit community, all combine to provide an ideal learning environment for both domestic and international students. The Family First Academy accepts students of all races, religions, nationalities and levels of academic ability.

By combining a traditional college preparatory curriculum with integrated athletic, fitness and leadership programming, Family First Academy offers a unique and structured environment designed to maximize student success at a spectacular, safe, modern 75 acre campus that features a wide variety of sports, fitness and recreational facilities including a 12,000 square foot fitness center, a golf dome, 18 premier outdoor playing fields, two indoor soccer fields, 4 indoor basketball/volleyball courts, 8 outdoor basketball courts, 4 outdoor sand volleyball courts and an outdoor adventure center. The Summit student union features a state-of-the-art 300-person sound/stage auditorium, coffee shop, rock-climbing wall and two half-court basketball courts, along with break-out/meeting rooms.

Family First Academy is now scheduling private tours. To schedule a tour, or for more information please contact Lisa Noonan, Assistant Director of Admissions at (814) 860-9660 or via email at lisa@familyfirstacademy.org.
